

## **Dr. Adedoyin Talabi, PhD, CISA, CDPSE, PMP**

Dr. Adedoyin Talabi is a highly respected cybersecurity and data protection professional with over three decades of experience spanning technical infrastructure, industry practice, and regulatory compliance. He is the Principal Consultant at Data Pulse Nigeria Limited, a licensed Data Protection Compliance Organization, where he provides advisory services on cybersecurity governance, data protection, and risk management. A Certified Information Systems Auditor since 2005 and a Certified Data Protection Solutions Engineer, Dr. Talabi brings deep practical insight into systems assurance, regulatory strategy, and digital risk. He is also a prolific author, having published numerous textbooks on computer studies and cybersecurity, and is widely recognized for his contribution to capacity building and professional development in Nigeria's technology ecosystem.
