Introducing

◆ *A.J.SILICON* ◆

Good afternoon, everyone.

Before we dive deeper into today's orientation, I want to introduce you to the organization powering this journey, the institution behind the growth of thousands of professionals in Nigeria and beyond.

Ladies and gentlemen, welcome to ◆A.J.SILICON◆

Who We Are

A.J. Silicon is a professional, technology-driven training and consulting firm.

We stand at the intersection of Accounting, Technology, Digital Skills, and Global Career Advancement.

We exist to equip professionals (accountants, auditors, bankers, IT practitioners, and students) with the skills needed to thrive in a rapidly changing world.

Our mission is simple:
**To transform careers through practical,
global-standard digital skills and
certifications.**

Our Legacy of Excellence

- Over the years, A.J. Silicon has built a **reputation of credibility, consistency, and impact.**
- We have successfully **delivered IFRS and IPSAS courses** across organisations with outstanding quality.
- Our **CISA training** has been our flagship for decades.
- We are **recognized nationwide** as industry builders.
- Many of the leading **IT Auditors, Cybersecurity Analysts, and Technology Risk Experts** in this country started their journey with us.

We don't just teach.
We produce industry leaders.

What Makes Us Different

We fearlessly dive into new and emerging areas long before others join the space.

Why? Because A.J. Silicon is powered by professionals who are both Chartered Accountants and Technology Gurus!

This unique blend gives us mastery over finance, analytics, auditing, cybersecurity, and digital transformation.

**We understand the
global workplace and prepare
you for it.**

Our Expert Facilitators

Our facilitators are not ordinary instructors.

They are seasoned practitioners holding globally recognized certifications, such as: CISA, ACCA, CDPSE, Data Analytics Certifications, Cybersecurity Credentials, Cloud Certifications, Python and SQL Competencies and Power BI & Excel Expert Certifications.

These are professionals working in Big 4 firms, banks, fintech, telecoms, oil and gas, and international organisations.

**You learn from those
who practice what they teach.**

Expanding into New Technologies

We have embraced emerging technologies boldly and confidently.

Our Artificial Intelligence for Finance and Professionals Program is designed to redefine the future of accounting, auditing, finance, tax, risk management, and business decision-making. We are combining AI with Data Analytics, Audit Procedures, Compliance, Fraud Detection, Management Reporting, Business Forecasting and Strategic Advisory.

A.J. Silicon is forward-looking.

This is not just training.
This is career transformation.

Our Program Suite

We offer a comprehensive suite of professional and technical programs, including:

- **ACCA Data Analytics** Certification
- **CISA Certification** Training
- **AI for Professionals & Executives**
- **Excel Foundation & Premium Practical Training**
- **Power BI** for Accountants & Business Leaders
- **Python, SQL, and Data Science** Essentials
- **Audit Analytics & Technology Risk Programs**
- **Consulting & Advisory Skills** for Accountants

**Everything you
need to compete globally
is available under one roof.**

Our Track Record of Impact

We have trained professionals across Nigeria, Ghana, Cameroon, Côte d'Ivoire, Kenya, UAE, UK, US, and more.

Our alumni now work in Big 4 firms, Banks & Insurance, Fintech, Oil & Gas, Manufacturing, Government & Regulators and Global remote companies.

*For many of them, A.J. Silicon was the **turning point** - the bridge between where they were and where they needed to be.*
